

RMA-Process and conditions

1. RMA Form

In order to make sure your return request (RMA) is being processed as quickly and efficiently as possible, please check if your request is filled out and signed completely.

2. Error description

Please complete the form as accurately as possible, all fields marked with * are required.

Please give us a detailed error description (e.g., low laser performance, distorted projection, ...).

If possible, please answer the following question:

- When does the error occur / Where is the device being used (description, ambient temperature, interfering field, ...)?

3. Verification / Quotation

Before you return a device, please check, using the operating instructions, if there is indeed a malfunction. In case of doubt, you may contact the **Z-LASER** service team. If no error can be found, there will be a handling fee of 55,- € net plus shipping costs. For the product types LP, Z3D-Control, ZQ and Z-Fibre there will be a charge of 200,- € plus shipping costs for the diagnosis and quotation. These costs do not apply in case of warranty or if you place a repair order.

The warranty claim does not apply in case of foreign interference, removed serial numbers / identification plates or improper handling.

4. Consignment

Please return devices only with transportation cost on sender, duty paid (DDP). Please do not return other accessories with the defective device. We do not assume any liability for the completeness. In case of return after loan, we would like to ask you to return the full scope of delivery. If possible, please use the original packaging and indicate clearly, using the RMA return notice, that the device is to be repaired.

When dismantling a laser projector, be careful to only unbolt the 4 screws attached to the device flange of the cardanic mount. Please do not ship the mounting! Make sure to back up your data before you return the device.

5. Defects after the expiration of the warranty period

For detailed information, please get in touch with our service team (rma@z-laser.de). We will check your device and find the best solution for you (repair vs. new purchase). If you decide on the repair of the defective device, you will be charged for the repair only. There will be no additional costs for the diagnosis, the same applies in case of purchasing a new item.

6. Miscellaneous

Terms and RMA conditions of **Z-LASER** apply.
